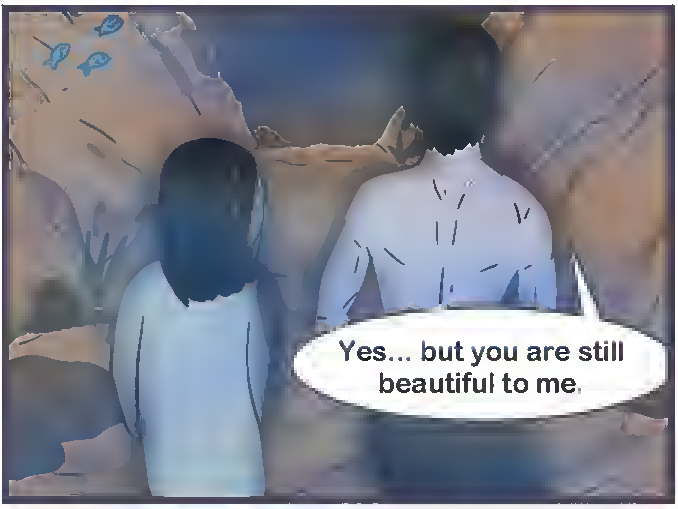
NICHOLALALA

SMASH!

So we died together?
Yes

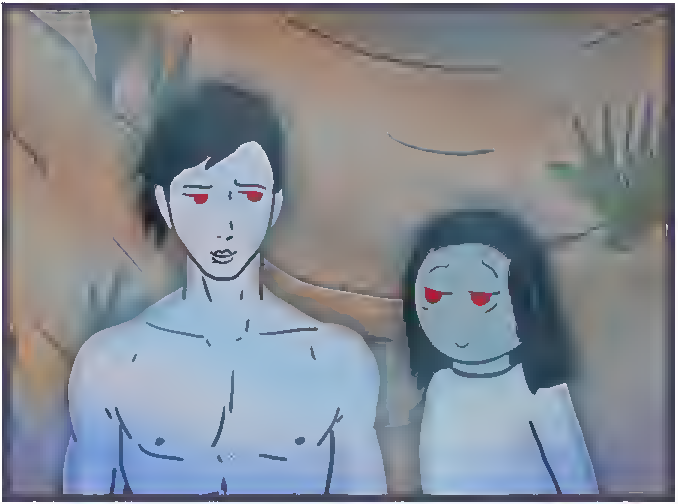
You tried to save me?
Yes

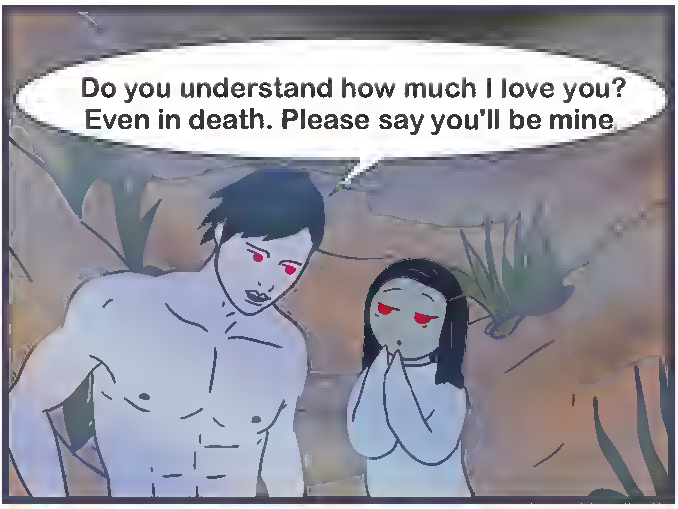
And my face got messed up from the rocks?



Yes... but you are still beautiful to me.

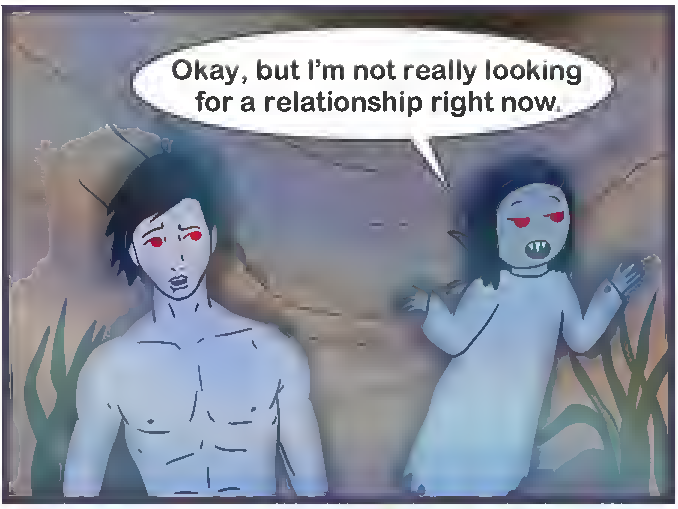
Oh...



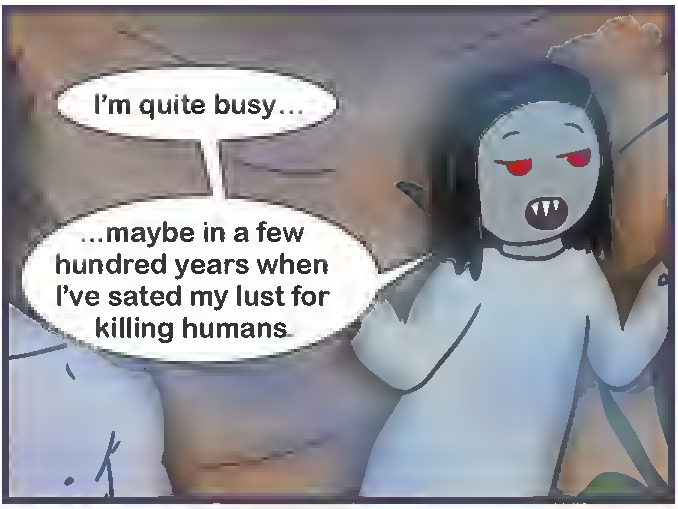


Do you understand how much I love you?
Even in death. Please say you'll be mine

Oh!



Okay, but I'm not really looking for a relationship right now.



I'm quite busy...
...maybe in a few hundred years when I've sated my lust for killing humans.

But... I will love you..
...always
